Top model without compromise in dust pick up and filtration

Do you need a vacuum cleaner with extra strong suction, a top class filter, low sound, and long durability? Nilfisk Extreme offers all of that. If you are interested in a low energy and recyclable machine the Extreme Eco is the answer, and it even delivers high performance.

Nilfisk Extreme is designed to be durable, while at the same time making cleaning easy and ergonomically efficient. It features an ergonomic handle and telescopic tube.
Most household pollutants are invisible.
The heavier ones are pulled to the ground by the force of gravity, but lighter gases and particles remain airborne. Most of these air-borne particles are invisible to the human eye.

HEPA filters are the only way to trap contaminants like pollen, tobacco smoke and viruses.

Here are a few things to consider when purchasing a vacuum cleaner with a HEPA filter:
• The HEPA filter should be positioned after the motor to ensure that the exhaust fan is releasing clean air.
• The HEPA filter component and vacuum cleaner needs to be completely sealed so that contaminated air cannot be released into the environment. Nilfisk calls this a HEPA tight construction.

A vacuum cleaner with a good HEPA filter is a bit more expensive than regular vacuum cleaners, but is a good investment for anyone who cares about the quality of their home environment. , Nilfisk Extreme is designed to be durable, while at the same time making cleaning easy and ergonomically efficient. It features an ergonomic handle and telescopic tube.
Most household pollutants are invisible.

PRODUCT FACTS

- Extreme dust pickup: A strong motor and a well designed construction result in market leading dust pick up performance.
- Allergy filtration: HEPA filter stops even the tiniest particles, animal hairs, dust mites, their droppings or even smaller nuisance dust. Dirt comes in, and clean air comes out. Included in the machine as standard.
- Extremely silent: The most powerful vacuum cleaner, and it is also quiet in the Extreme.
- 5 years guarantee: Feel confident, the machine is built to last and last.
- Microfibre dust bag included as standard,
- Extreme dust pickup: A strong motor a
